The Knights Templar Parade at Washington.

President Harrsion Reviews the Great Procession.

The California Knights Receiving Special Honors.

The Conclave Opened—Grand Master Roome Explains the Recent Trouble with the Iowa Commandery.

By Telegraph to The Times.

WASHINGTON, Oct. 8.—[By the Associated Press.] The morning broke cloudy, threatening rain or snow, for the air was very chilly, but as the hours wore on the sky cleared, making a beautiful day for the great Knights Templar parade. The city was in gala dress. Public and private buildings were covered with bunting. Various insignia of the order were used in decorating, furnishing a pleasing variety. Everywhere was bustle, animation and brilliant coloring.

The Templars were formed early at the various headquarters and, with bands playing, marched through the crowded streets to the place of starting. Pennsylvania avenue was roped off to give full room for the knightly maneuvers.

The crowd present at the Knights Templar parade was not nearly as large as when Harrison was inaugurated. An estimate places the number of visitors at 50,000. These are nearly all friends of the various commanderies. The number of knights in the city has been estimated at from 15,000 to 20,000, comprising over 200 commanderies from all sections of the country.

It was nearly noon when the 13 divisions of the procession formed in the streets adjacent to the Capitol, debouching from the side streets. At the signal they filed into line and began the long march up Pennsylvania avenue.

A few moments after the President's arrival at the reviewing stand, the head of the procession filed around the corner of Fifteenth street, and marched with measured tread in front of where the President stood, doffing his hat in response to the salutes with which he was constantly greeted. Eminent Sir Myron M. Parker, with forty-five aids on horseback, six or eight abreast, followed by the Washington Commanderies, headed the procession. They were accompanied by the Marine Band, which was the recipient of many cheers as it passed the stand.

Secretary Blaine, who entered the stand at this moment and courteously bowed to the assembled multitude, was enthusiastically received.

The last commandery passed the Presidential reviewing stand at 2:30 o'clock. The procession fulfilled the remainder of its long line of march, and was finally disbanded about an hour later.

THE PARADE.

Fifteen Thousand Knights in Line—An Imposing Scene.

WASHINGTON, Oct. 8.—[By the Associated Press.] The grand parade was an imposing pageant, and was witnessed by thousands along the line of march.

About 15,000 Sir Knights were in line The following is the order of the procession:

Eminent Sir M. M. Parker, Chief Marshal, with chief of staff and aids.

First division, Eminent Sir W. G. Moore commanding, with aids and Washington (D.C.) commanderies, escorting officers of the Grand Encampment and Most Eminent Grand Master Roome and personal staff.

Second division, Right Eminent Sir Van Slyck commanding, Grand Commanderies of Massachusetts and Rhode Island and subordinate commanderies.

Third division, Right Eminent Sir A. C. Wood commanding, Grand Commandery of New York and subordinate commanderies.

Fourth division, Right Eminent Sir J. L. Beck commanding, Grand Commanderies of Virginia, Vermont, New Hampshire and Connecticut and subordinate commanderies.

Fifth division, Right Eminent Sir Henry Parkins commanding, Grand Commanderies of Ohio, Kentucky and Maine and subordinate commanderies.

Sixth division, Right Eminent Sir T. C. Hipple commanding, Grand Commandery of Pennsylvania and subordinate commanderies.

Seventh division, Right Eminent Sir D. T. Mason commanding, Grand Commanderies of Indiana, Texas and Michigan and subordinate commanderies.

Eighth division, Right Eminent Sir Norman T. Gassette commanding, Grand Commandery of Illinois and subordinate commanderies.

Ninth division, Right Eminent Sir Samuel H. Wagoner commanding, Grand Commanderies of California, Tennessee, Wisconsin and New Jersey and subordinate commanderies.

Tenth division, Right Eminent Sir S. G. Howard commanding, Grand Commanderies of Georgia, Missouri, Alabama, Mississippi and Louisiana and subordinate commanderies.

Eleventh division, Right Eminent Sir W. H. Sanborn commanding, Grand Commanderies of Minnesota, Kansas, Maryland, Colorado, Arkansas, North Carolina, West Virginia and Nebraska, and subordinate commanderies.

Twelfth division, Right Eminent Sir W. D. Stiles commanding, Grand Commanderies of Dakota, Washington, Wyoming and Montana, and preceptories from Canada.

NOTABLE FEATURES.

The knights in the second division were all from Massachusetts and Rhode Island, and were distinguished by their good appearance and full ranks. In the fourth division, Richmond Commandery No. 2 introduced a variation in the appearance of the parade. In place of swords they carried long lances tipped with silver of a dull hue, and their vestments were adorned with silver facings. Another of the Virginia commanderies carried lances tipped with gold.

In the fifth division, Oriental Commandery of Cleveland attracted much attention and applause by its fine marching, as did also Hanselman Commandery of Cincinnati, the members of which filed by the stand with their heads uncovered and their hats resting on their right shoulders.

De Molay Commandery of Louisville was warmly applauded as it passed before the reviewing stand. This commandery is known among Templars as the champion drill corps of the United States, and the grace of its evolutions was greatly appreciated by the admiring throngs. Following in the wake of this division, but sharing with the more forward ranks the applause of the on-lookers, was the little commandery from the Masonic Orphans' Home in Louisville. It was composed of small lads, but in drilling and appearance it had little to fear from the senior organizations.

Illinois took up the whole of the eighth division and had 28 separate commanderies in line. St. Bernard, the crack drill commandery of the State, attracted universal attention. It was preceded by the Royal Canadian Band of Hamilton, and carried the live eagle presented to it by Golden Gate Commandery of San Francisco three years ago.

THE CALIFORNIA KNIGHTS.

The long procession had wearied the spectators, and there were signs of impatience manifested at this time, which soon however, gave way to a feeling of lively interest as the California knights moved in sight, headed by 42 members of California Commandery No. 1 of San Francisco, mounted on coal-black chargers. Their uniforms were elegant, and they wore long black cloaks of velvet, elaborately ornamented with the insignia of the order worked in white silk. There was a flutter of handkerchiefs and some applause as Golden Gate Commandery of San Francisco passed by. A small, live, black bear, surnamed "Jerubabel," was perched on a box in a wagon which moved in advance. The Californians marched in fine style.

The eleventh division made a very fine display. It was commanded by Sir Walter H. Sanborn and composed of representatives from Minnesota, Kansas, Maryland, Nebraska and West Virginia and the Grand Commanderies of Colorado and North Carolina. The twelfth division, which contained only Cyrene Commandery of Sioux Falls, S. D., Geoffrey de St. Aldemar Preceptory of Toronto and the Grand Commandery of Wyoming, terminated the procession, which consumed three hours in passing the reviewing stand.

The people on the sidewalk pressed forward to have a glance at President Harrison. The President, however, rather wearied from the ordeal of standing for hours in the cold air, almost all the time without covering to his head, immediately left the stand, and accompanied by his secretary and the ladies of the party strolled across the lawn to the White House.

THE ENCAMPMENT.

Grand Master Roome's Address—The Iowa Trouble.

WASHINGTON, Oct. 8.—[By the Associated Press.] The Grand Encampment began its session immediately upon arriving at Masonic Temple at the close of the parade. Myron M. Parker delivered the address of welcome on the part of the local committee, and introduced Commissioner Douglass, who welcomed the knights in behalf of the city.

To both addresses the Grand Master responded, and this closed the public exercises. The encampment then began its business in secret conclave.

The Iowa trouble immediately loomed up, and a resolution was offered excluding members from that State from the session. This resolution was carried, and the Iowa members somewhat indignantly withdrew. Gen. Roome, who, as Grand Master of the order, had declared the Iowa Commandery and its members in rebellion, had nothing to do with offering the resolution, but simply placed it before the convention. It is authoritatively stated tonight that he took no side in the matter during the discussion of the resolution.

The annual address of Grand Master Roome, who presided over the session, was then read. It opened with reference to the knightly dead during the past three years. He recommended the selection of Ascension day as a day of especial commemoration and religious services by the order throughout the country. He then devoted a great deal of space to the Iowa trouble, reviewing the whole matter from beginning to end. He said the Grand Commandery of that State had attempted to nullify the deliberate will of the Grand Encampment, and, though still professing loyalty to the Grand Encampment and constitution, its deeds had belied its empty words. He admitted that the ritual adopted by the San Francisco conclave in 1850 has not commended itself to all State commanderies, but insisted that while it was in force it was the bounden duty of knights to obey it. Iowa did not rest with criticism, did not submit such alterations as it deemed advisable, but attempted to do away with the law of the Grand Encampment and questioned the constitutionality of the legislation of the Grand Encampment. When the Grand Commander of the State of Iowa questioned his authority to order the use of the new ritual in the Iowa Commandery, he felt justified in issuing an edict declaring the Grand Commandery of the State of Iowa and all Sir Knights in it to be in a state of disloyalty and rebellion to the constitution and Grand Encampment of the United States. He declared that he had no ill-feeling for the erring Iowa brethren, and what he had done has been solely to promote the dignity of the order. Further than this he wished to be distinctly understood as in no way taking up the cause of the ritual as adopted.

In conclusion, he recommended great gentleness in dealing with this unfortunate situation of affairs. The whole matter of ritual, he trusted, would be definitely disposed of at this conclave, and in the final decision he hoped all would agree, and in if Iowa was satisfied all occasion for disagreement would be removed.

Soon after the reading of Gen. Roome's address the conclave adjourned until tomorrow.

THE CALIFORNIANS.

Knights From the Golden State Receive Marked Attention.

WASHINGTON, Oct. 8.—[By the Associated Press.] This evening has been given up to serenades and receptions, and Golden Gate Commandery of San Francisco has been the recipient of unusual and marked attention.

This afternoon the commandery tendered Mrs. John A. Logan an elegant reception at its quarters. The rooms were elaborately decorated. Mrs. Logan, accompanied by her son, was received by Eminent Commander A. G. Booth, Generalissimo Young and other officers. On Thursday afternoon Mrs. Logan, who is a warm friend of Golden Gate Commandery, will give its knights and ladies a special reception at Calumet Place.

Tonight a public reception was given by Golden Gate Commandery. The ladies and knights all appeared in full dress. The reception rooms were thronged for several hours and a great number present enjoyed the liberal open-handed hospitality of the Californians.

California Commandery No. 1, of San Francisco also attracted much attention.

All Quiet at Navassa.

HALIFAX (N.S.), Oct. 8.—The steamer Alpha, on the way to this port from the West Indies, called off Navassa at the request of the United States Consul at Kingston, Jamaica, for the purpose of taking away the Americans who wished to leave owing to the recent disturbance between the natives and the American laborers, in which a number of persons were killed. The Alpha lay-to for some time, but as no signal was displayed from shore and everything appeared quiet she proceeded on her way.

A British Warship Ashore.

VICTORIA (B. C.), Oct. 8.—On Sunday night Her Majesty's ships Icarus and Acorn, which had been stationed in Fraser River for a few days, started to return to Esquimalt. After passing the Gulf of Georgia the vessels proceeded to come to anchorage in the Bay of Maynestand, when the Icarus grounded. As the tide receded the ship listed, and all efforts of the Acorn to pull her off failed. She was floated today, however. An official inquiry will be held as to the cause of the accident.

More Johnstown Victims.

JOHNSTOWN (Pa.), Oct. 8.—Five bodies were taken out of Honey Creek today by workmen removing rubbish. There seems to be no doubt that a great many were washed in here, and as the surface deposits are removed, many more bodies are likely to be brought to light.

Again Sentenced.

COLUMBUS (O.), Oct. 8.—Allen O. Myers was today sentenced to pay a fine of $350 and serve 15 days in the County Jail for contempt of court. The case was sent back by the Supreme Court for a rehearing. The former's fine was the same, and the sentence was 90 days.

PAN-AMERICANS.

A Day Among the Spindles at Manchester.

The Visitors Seeing New England's Great Factories.

They Then Take a Trip to the Pine Tree State.

Significant Remarks by Dom Pedro's Representative—America to Unite for the Benefit of Americans.

By Telegraph to The Times.

MANCHESTER (N. H.), Oct. 8.—[By the Associated Press.] The international excursion party last night, for the first time in the experience of many of the delegates and attachés of the International American Congress, slept in the cars of a special train. The special train remained in the Boston and Maine Railway station until 2 o'clock in the morning, when it was run to Manchester.

The delegates were cordially welcomed by Senator Blair and the corporation authorities. The immense buildings devoted to the manufacture of fabrics excited the liveliest interest. Here are the greatest shops in the world, according to the statements made by a member of the committee, who added that one of the mills consumed more cotton and indigo than any other concern in all Christendom. The foreign visitors heard with amazement that in this small city half a million spindles were whirling, and 14,000 looms were weaving miles of fabrics of all kinds per day.

After looking over the factories the party was escorted to a new mill, where, in one-half of a great hall, 400x100, had been arranged a display of textile and other goods produced in Manchester in one-half of a working day. It made a most formidable showing in its extent, and was moreover arranged so as to make a most attractive exhibition, ranging from blocks of spruce-wood and raw cotton to pitchers, water-coolers, etc., of indurated wood fiber and fine paper, and to pretty checked and striped cloths, etc.

When the exhibit had been fully admired the party

Red Rice's.

328, 330, 332, 334 and 336 S. Spring.

RED RICE'S CLAIMS TO BE PROgressive. It is conceded by even its enemies that it gets there about every time. Our success has caused malice and envy on the part of some few secondhand dealers. Sorry, but can't help it. For, while Red Rice's is not a secondhand store, two-thirds of the goods being new, yet we do buy and sell more secondhand furniture than any six other houses in the city. Hence those briny tears and those vicious slurs that come to us. The wail goes up that Red Rice is paying too much for goods, or that he is cutting prices. Mea culpa! To those charges we must plead guilty. Fact is, we sell so much that we can afford to and do sell on a less margin of profit than any others. We strive to treat both buyer and seller squarely. We furthermore have not the gold coin to buy up a lot of goods and then stand around watching our neighbors do business. We must sell goods.
RED RICE'S.

LOCAL EVENTS.

A SALVATION ARMY WEDDING LAST NIGHT.

The Bicycle Manipulator on Trial—A Bad Accident in the Perry Lumber Mill—A Branch Postoffice at Last—Reception to Dr. Cantine.

Rather a singular wedding took place in the Salvation Army rooms, on South Spring street, last night. A full representation of the soldiers and officers of the various towns in this end of the State were present in the hall early in the evening, and, after partaking of a two-bit banquet, the army filed down on the sidewalk, and forming in line they marched down as far as First street and countermarched to the hall. They then held their regular religious services, took up two or three collections, and announced that the event of the evening was about to take place.

The little hall was packed with people who had put up 15 cents apiece to see the queer union of soldiers' hearts. At this moment two couples marched into the hall. The women wore the regulation army uniform, as did the men, and each one was decked out in a long white sash which extended from the shoulder to the floor. The quartette marched up to the platform and took their seats, the men on the left and the women on the right of a ministerial gentleman in a gray suit, who answered to the name of the Rev. Dr. Field.

Several war songs of the army were chanted, when the singularly-dressed quartette stood up and the Rev. Mr. Field read the army wedding service from a yellow-backed pamphlet. The service is very lengthy, and binds the contracting parties to a life that almost any sane person would shudder to contemplate. The contracting parties answered to the names of Capt. Egbert Johnson and Miss Capt. Ellen Johanese. They repeated the words of the minister in a trembling half whisper, but both held their heads up and seemed not at all put out by the performance. The best man, Lieut. Simpson, and the bridesmaid, Capt. Oates, seemed to enjoy the ceremony, for they indulged in various winks and smiles during the reading of the service, and looked sorry when it was concluded.

The young couple are Germans and have not been in this country more than three or four years. After the knot had been tied the husband was called on for a speech, and for about five minutes he held the audience spell-bound. Then Mrs. Captain was introduced, and she gave her experienc in a manner which brought roars of laughter from her hearers.

The happy couple will spend their honeymoon in this city.

THAT NICE BOY HAZEL

On Trial Before Justice Savage for Purloining a Bicycle.

Hazel Johnson, the nice-looking young man, who purloined bicycles from W. S. Wing and the Tufts-Lyon Arms Company and pawned them, was before Justice Savage yesterday afternoon for examination. Deputy District Attorney Diehl conducted the prosecution and Attorney Grant appeared for the defendant. The examination began late in the afternoon and did not get very far before adjournment.

Mr. Wing testified that he had lost a bicycle, it having been rented to Johnson, and he related his experience in tracing up the bicycle and the thief. Having ascertained that Johnson was in Arcadia, he went out there and met the young man. Johnson seemed very much surprised at the visit, and when told that he had a bicycle belonging to Wing seemed more astonished still. He told Wing that he was coming to Los Angeles that evening and would fix the matter up. He did not come, however, until the officers had hunted all around the country for him. Mr. Wing told where he found the bicycle, at L. B. Cohn's pawn shop, and the wheel was brought in and filed as an exhibit in the case.

On cross-examination Mr. Wing testified that he may have told Johnson after the arrest of the latter that if he should return the wheel, and the Court was willing, he would not prosecute him; but denied that he told Johnson outright that he would not prosecute him if he returned the machine.

The examination will be resumed this morning.

DR. CANTINE.

A Delightful Reception Tendered Him Last Night.

That Dr. R. S. Cantine is very much beloved by the Methodists of the city is a fact that has long since passed into history, but it was very pleasantly demonstrated last night at the Fort-street Methodist Church. It is well known that Dr. Cantine was re-assigned to his charge by the Methodist Conference, which has just finished its labors at San Bernardino, and the members of the congregation gave him a public reception at the church last night, to welcome him back again. The auditorium had been beautifully decorated with flowers and evergreens, and the attendance was very large. The chairs had been removed, and nearly every one stood during the short but hearty welcome.

It is not so generally known that the church came near losing Dr. Cantine this time. A strong plea for him was made by the People's Church of Boston to Bishop Foster, and it looked for a time as if he would be assigned to that church.

This fact was touched upon by Col. G. Wiley Wells in his address of welcome. There were short addresses of welcome by Fred M. Porter on behalf of the Sunday-school, Chan Kiu Sing on behalf of the Chinese Sunday-school, N. Kozki on behalf of the Japanese Methodists and Mr. Garrett on behalf of the colored members. Dr. Cantine responded briefly, but with much feeling, to the various welcomes. There was also some fine music, followed by a general greeting of the pastor and his wife by the members. The reception was a delightful affair in every respect.

DICK SEE.

His Second Trial Commenced—The Jury Secured.

The second trial of Dick See, charged with the murder of William Duncan, was begun yesterday in Department No. 1 of the Superior Court. It was found very difficult to get a jury in the case. The regular panel was exhausted during the forenoon, and only four jurors were secured. An extra venire of 25 jurors was summoned, and court took a recess until 3 o'clock. At that hour the counsel began their struggle again to fill the jury box, and finally at 5 o'clock completed the list. The trial will begin this morning, the witnesses for the prosecution all being in attendance. The defendant appears to be very confident that he will get off this time, and have an acquittal instead of a disagreement. It will be remembered that the crime was committed 17 years ago. See shooting down Duncan in a saloon at El Monte. He claims self-defense as a justification.

A BRANCH POSTOFFICE.

It Is to Be Located in the Pico House.

Word was received yesterday from the Postoffice Department that the petition for an uptown branch postoffice so long pending has at last been granted. The office is to be located in the Pico House and will have a frontage of 54 feet, extending from the main entrance to the Plaza front, with a depth of 40 feet. The boxes and fixtures taken from the old postoffice have been preserved and are still available, so that the work of fitting up will be quickly accomplished, and the new branch will be ready for business about November 1st. This will be good news for people living in the central and eastern portions of the city.

LOST HIS ARM.

A Bad Accident at the Perry Mills.

A bad accident occurred at the Perry mills yesterday morning. Harry Keller, a planer, was working at his machine, when his right hand was caught, and before the belt could be thrown off the pulley his arm was run through the machine as high up as the elbow. Drs. Kirkpatrick and Parker were called in as soon as possible, but they could do nothing to save the arm, and in the afternoon it was amputated. Mr. Keller is about 50 years of age, and has been with the company some time.

This is the first accident in the mill for a long time. Mr. Keller was resting as easily as could be expected last night.

Santa Monica.

SANTA MONICA, Oct. 8.—[Correspondence of THE TIMES.] Rain commenced falling heavily about 9 o'clock last night and continued until just about daybreak. A strong wind was also blowing, and the sea was very rough, the waves being exceptionally choppy. Soon after sunrise all calmed down, however, and today bathing was as good as usual.

The officers of the Polo Club went up to town today to confer with the directors of the Sixth District Association regarding the display to be given at the racecourse. Pony races are to be a feature of the programme.

A theater train is talked of for Thursday night for the benefit of those desiring to see Fanny Davenport in *La Tosca*.

The street-car track on the Soldiers' Home line is ready for operation as far as Twenty-third street. Mr. Vawter says that the whole line will be finished and in running order by February.

An endeavor is being made by a few public-spirited citizens to revive the wharf project. It is to be hoped that this time it will go through, as it means a new life to Santa Monica.

Mrs. Swearinger and Miss Swearinger were on the beach today.

Mr. and Mrs. J. R. Hope have taken rooms at the Arcadia.

The tent town on North Beach is still well patronized.

A Feminine Feud.

Mrs. E. L. White, who quarreled with Mrs. Reynolds and created a disturbance on Weyse street, on Monday last, is not one who will consent to suffer in silence and alone. Her neighbors aver that she is the cause of all the trouble that has lately occurred in that locality, but Mrs. White, having herself paid the penalty that the law inflicts on quarrelsome citizens, played even with her opponent by swearing out a warrant for her arrest. Mrs. Reynolds was arrested yesterday afternoon by Officer Farmer and charged with disturbing the peace. The feud between the two women is very bitter, and is a source of constant annoyance to their neighbors on Weyse street.

What to Wear.

Fancy worsted suitings are in stone, drab and wood-brown, and in mixed shades of gray. For tourists' and business wear, fancy cheviots and homespuns have the preference. Trouserings in stripes and plaids are in a variety of very quiet and genteel shades. We have just secured the services of a high-class New York cutter, and our garments are equal in every respect to those of the very finest New York houses. Suits from $35 up; trousers from $10 up. Polaski Bros., 114 North Main street.

Army News.

It is learned from special orders, Department Headquarters, that several general courts-martial heretofore ordered have been dissolved.

First Lieut. Frederick Wooley, Tenth Infantry, is appointed recruiting officer at Fort Union, N. M., relieving First Lieut. J. H. Shollenberger, Tenth Infantry.

Charles Kern, general service clerk, is ordered to San Pedro for special duty.

Private William Peoples, Troop L, Tenth Cavalry, is granted a furlough of three months.

Was It Suicide?

Mrs. Patterson, who has been visiting Los Angeles, was found in an unconscious condition this morning. A physician being called, on examination declared it due to heart troubles. She had the day before visited colton's furniture exchange, two hundred and two south spring street, and the great variety of goods offered there, at the low price asked, was too much for her nervous system. She is all right now, and will go to no other place hereafter.

COMPANY A.

A Fancy Dress Ball at Armory Hall Last Evening.

An enjoyable fancy ball took place at Armory Hall last night in honor of Company A, First Brigade, N.G.C. There were about 100 couples present, and the affair was a brilliant one.

During the evening Gen. E. P. Johnson, on behalf of Maj. Russell, presented Sergt. Miles with a handsome gold badge, a prize for the best shot in the brigade.

About two weeks ago Maj. Bonebrake presented a handsome silver service to Company G of Anaheim, for its record as the best-shooting company in the brigade.

The brigade headquarters is having manufactured a fine silk banner, which will be presented to Company D of Pomona, as the best-drilled company in the brigade.

The boys presented a handsome appearance in their neat uniforms last night, and made many conquests over the pretty girls who were present. Dancing lasted until an early hour this morning.

A Look About Town.

The advance agent of "California on Wheels," Gavin D. High, was yesterday afternoon given an opportunity to acquaint himself more thoroughly with the city, for Maj. E. W. Jones, president of the Chamber of Commerce, and Hervey Lindley took him riding to all the principal points of interest.

The Chamber of Commerce will hold a meeting this afternoon at 3 o'clock, when matters of interest to the advance agent of "California on Wheels" will be discussed. Mr. High will leave at 4:40 p.m. for San Diego, and on his return trip will visit San Bernardino and other points of importance.

DR. TANNER, the latitudinarian and invincible fakir, now looms up as the competitor of the Mormon missionaries. The Shalam colony, started by him a few years since, near Las Cruces, N. M., is importing children from San Francisco, to be brought up in the peculiar religion of the "Faithists."

THE Protestant Episcopal Convention, in session in New York, has given consent to a division of the diocese of California, and the erection of a new diocese in the southern portion of the State. This will be good news to our Episcopal brethren in Southern California, who have been working long and earnestly for this result. It is also, indirectly, a tribute to the growing importance of this section.

DR. BOWERS of the Ventura Vidette has been on a trip through the Cahuega Valley, which lies partly in Santa Barbara and partly in Ventura county. He found that vast herds of sheep are driven into the northern part of Ventura county every year by Haggin & Carr and by the Burgess Brothers, consuming the feed, greatly to the inconvenience of settlers. The above-mentioned firms are said now to have 20,000 head of sheep in Ventura county, in return for which they do not pay a dollar of taxes. For 25 miles along the Cuyama River the country is said to be as bare of feed as a public street. Not only this, but the herders, on leaving one spot, set fire to anything that will burn, for the purpose of securing more feed the succeeding year. This is an outrage which should be promptly stopped.

IT is announced at Washington that Maj. Powell's engineers will shortly report that the reclamation of the Colorado Desert by irrigation from the Colorado River is quite feasible, but that the rivers must be tapped at a point south of the American line, in Lower California, a fact which has for some years been known to engineers in this State. This announcement is said to have revived talk at the capital about the annexation of Lower California. Commenting upon this, the San Francisco Call remarks that the acquisition of Lower California is not an essential preliminary to the utilization of the waters of the Colorado. Mr. Blaine and Señor Romero, that journal believes, could in an afternoon probably conclude a treaty by which the right of tapping the river within Mexican territory could be secured to the United States and the interests of both nations duly guarded. American money is now being spent in digging a canal through foreign territory—the canal, when built, to be American to all intents and purposes, as much so as if it ran from Sacramento to San José. What we have done with Nicaragua we could probably do with Mexico. It is to the interest of the latter that the northern portion of Lower California should be improved and settled.

A BURNING SHAME.

The birds of ill-omen, hatched by two of our local papers out of their own inner consciousness, during the recent sewer-bond campaign, are still coming home to roost. The following is from the Evening Wisconsin, a Milwaukee paper, of September 23d:

Los Angeles has rejected a proposition to build a sewer to the sea, twelve miles distant. More than three-fourths of the city has no sewerage system, and the soil is said to be so saturated with filth that children are dying from diphtheria and other disorders traceable to unsanitary conditions. The vote of the city against an effective means of improving its healthfulness is one of the most damaging advertisements that the over-boomed "Home of the Angels" has yet permitted to be made.

Such items as this will be copied and recopied for many months to come, throughout the length and breadth of the land, from Florida to Puget Sound, and the harm which they will do us cannot easily be calculated. Those journals which originated these false reports have good reason to be ashamed of their work. But are they? We have seen no intimation to that effect in their columns. Are they ready to maintain the correctness of the statements advanced by them a few weeks ago, such, for instance, as the following, which was quoted from a Los Angeles journal in the Journal of the American Medical Association, of Chicago, on September 28th:

Los Angeles is a city of from 70,000 to 80,000 people. It is almost without sewers. More than three-fourths of it has no sewerage at all. The small sewers we have are choked and overflowing, and foul matter is often forced out of them. Sewer gas from leaks and overflowing sewers floats in the business centers at night, and in the residence portion the air is heavy with foul odors and gases from neighboring cesspools. The soil of the city is in general such that it does not absorb the foul matter, and that renders the situation worse. In many parts of the city the odor at nights from cesspools is so strong that residents are obliged to close their windows. Children are dying with diphtheria as a result of these cesspools.

That is a nice sort of picture to place before thousands of health-seekers, just as they are making up their minds where they shall spend the winter, is it not? Those that are courageous enough to come, in spite of these horrifying statements, will come with minds prepared to discover death and disease lurking in every corner, and it will take but a few whiffs of sewer gas to scare them away.

In introducing the above quotation, the medical journal referred to regrets the defeat of the sewer bonds, and then gives the excerpt as a proof of the necessity of "some plan to relieve this fair city from the noisome and sickening odors arising from the so-called sewers now in existence," and trusts that "Los Angeles may once more regain its reputation as a health resort."

It is safe to say that these wild, unfounded and shameful statements will cost Los Angeles thousands of visitors and hundreds of thousands of dollars this winter, for many of those who come to Southern California will be careful to avoid a city which is depicted in its own papers as a filthy breeding place of pestilence.

Lies of this sort always travel so fast that a correction can never catch up with them, but in order to do our share towards correcting the evil impression which has been made, we again repeat that Los Angeles has nearly twenty miles of good sewers; that all the business center and much of the thickly settled residence section is sewered; that cases of diphtheria have been rare, and that there are very few cities in the United States, or in the world, which are so healthy as Los Angeles.

WORKING A NEW VEIN.

"Smoothy," having worked out most of his mining claims, and being desperately short of the wherewithal to keep the organ grinding, is now trying to develop a new lead. That there is plenty of rich ore in this vein, there is no doubt, but "Smoothy" is not the man to get it out.

In yesterday's Trombone there is dealt out to Senator Leland Stanford three-fourths of a column of sticky and very nauseous taffy. It abounds in adjectives and superlatives, and would be calculated to create a glow of self-satisfaction in the bosom of a shallow-pated man, which Stanford by no means is.

"Smoothy" claims to be an adroit and well-informed "polititian," but upon this subject, as upon many others, he exposes his ignorance, etc. He does not appear to be aware of a fact known in better informed quarters. Mr. Stanford will not, beyond a doubt, be a candidate for reëlection to the Senate. Moreover, should he be a candidate, he is far too sensible as a man, and astute as a politician, to buy any of "Smoothy's" molasses. He has no use for it, being well aware that the possession of such an article would render him an object of suspicion, and heavily handicap him in this part of the State, for any race in which he might enter.

It won't do, "Smoothy"! You are barking up the wrong tree, or, to return to the simile with which we started, you are boring into the wrong vein. Prepare to erect another headstone in your private graveyard!

AN EXTRAORDINARY REPORT.

A report of a committee of the British Medical Association on longevity and the use of alcohol contains some surprising conclusions, which will need much more substantial proof than a report of the B.M.A. to obtain credence in this country. The investigations of the committee were directed especially to three classes: Those who do not take alcoholic beverages, those who use them in moderation, and that class which uses them to excess. The committee examined in all 4234 cases of deceased persons, and ascertained the average duration of the life of each one of the various grades. The total abstainers attained the average age of 51 years and 22 days. The average life of those termed habitually temperate drinkers was found to be 63 years and 18 days. Careless drinkers, people who drank, not for the purpose of getting drunk, but simply as it happened, lived to be 59 years and 67 days. Free drinkers, those who drank habitually, reached the age of 57 years and 59 days. Decidedly intemperate drinkers quit drinking at the average age of 53 years and 13 days.

According to this, total abstainers do not live as long as temperate drinkers, careless drinkers, or free drinkers, or even drunkards! With all due respect for the B.M.A., we must say that such a conclusion is both false and absurd.

THE announcement that a branch postoffice is to be established under the Pico House will be good news to our business men, especially to those whose places of business are north of First street. The Pico House is some distance north of the business center, still, it is much nearer to it than Sixth street, and there is no doubt that the branch will do the bulk of the business.

AMUSEMENTS.

GRAND OPERA-HOUSE.—The second performance of *Kit, the Arkansaw Traveler*, last night, passed off quite as successfully as the first, and was much applauded by a very well-filled house. The piece will be given for the last time tonight.

LOS ANGELES THEATER.—Herrmann, the conjurer, will make his bow at this theater tonight, under the management of McLain & Lehman. Herrmann is such an established favorite here that his appearance is sure to be greeted by a large house. He has some new mysteries of wonderful intricacy, which are invented to astonish all spectators, and will doubtless produce their intended effect.

FLORA BATSON.—This is the name of a colored singer with a mezzo-soprano voice of which the eastern press has made highly commendatory notices. The lady will appear in concert at the Los Angeles Theater on the evening of the 15th inst. If her performance is nearly so good as the advance notices indicate, she will be well worth hearing.

TIE AND TRACK.

PUTTING ON MORE CREWS FOR FREIGHT BUSINESS.

Mr. Robinson of the Atlantic and Pacific Talked of as the Coming Santa Fe Manager—Special Railroad Rates for the Fair.

Business is rapidly improving with the railroads, and the local agents are of the opinion that the coming winter is to be a very lively one. Freight business is much better now than it has been for a long time. The Southern Pacific people are putting on new freight crews at the rate of two or three a week, and Mr. Muir is preparing for the biggest season ever known in Los Angeles. A majority of the freight from San Francisco for the East comes through this city now, and as the cars have to be rehandled here the company has had to strengthen its force in this city.

The raisin crop in Southern California is larger than ever before, and raisin specials are being sent out at the rate of two or three a week.

Things were very quiet about the Santa Fé offices yesterday. Mr. McCool was in his office, but he still refuses to talk, and his future movements are unknown. There is considerable speculation as to his successor will be, but the general opinion among outside railroad men is that Mr. Robinson of the Atlantic and Pacific will be the lucky man. He is one of the most successful railroad managers on the coast, and as he can manage both roads, it is more than likely that the rumor has some foundation.

The Southern Pacific and Santa Fé managers have made up their minds to get as many people here as possible during the races. They have made special rates from all stations along the lines in Southern California.

The following rates have been fixed by the Southern Pacific Company for round-trip tickets, good for October 21st to 26th inclusive, from the stations named to Los Angeles: Mojave, $5; Lancaster, $3.70; Lang, $1.95; Fillmore, $2.30; Santa Paula, $2.70; Saticoy, $3; Ventura, $3.35; Carpenteria, $4; Santa Barbara, $4.50; Newhall, $1.20; Fernando, 90 cents; Burbank, 50 cents; Santa Monica, 70 cents; Florence, 30 cents; Compton, 50 cents; Long Beach, 70 cents; Wilmington, 70 cents; San Pedro, 80 cents; Downey, 55 cents; Norwalk, 75 cents; Anaheim, $1.15; Orange, $1.30; Santa Ana, $1.40; Tustin, $1.40; Whittier, 90 cents; San Gabriel, 40 cents; Savanna, 55 cents; Monte, 55 cents; Puente, 80 cents; Spadra, $1.20; Pomona, $1.35; Ontario, $1.60; Cucamonga, $1.75; Colton, $2.35; San Bernardino, $2.35; Riverside, $2.35; Banning, $3.55; Beaumont, $3.30.

The rates of fare from points on the California Southern and California Central will be as follows: Riverside $2.35; Colton, $2.35; Redlands, $2.75; San Bernardino, $2.35; North Cucamonga, $1.75; North Ontario, $1.60; Claremont, $1.45; North Pomona, $1.35; Lordsburg, $1.35; San Dimas, $1.25; Glendora, $1.05; Azusa, $1; Duarte, 85 cents; Monrovia, 80 cents; Arcadia, 75 cents; Lamanda Park, 55 cents; Pasadena, 40 cents; Raymond, 40 cents; South Pasadena, 35 cents; Garvanza, 20 cents; Inglewood, 45 cents; Redondo, 65 cents; Riveria, 95 cents; Fullerton, 95 cents; Anaheim, $1.05; Orange, $1.25; Santa Ana, $1.40; East Riverside, $2.35; South Riverside, $2.20; Rincon, $2.05.

The California Southern and California Central (Santa Fé) will transport live stock and articles for exhibition at the fair at full rates to Los Angeles. On the secretary's certificate that the live stock or articles have been on exhibition, and not changed hands, they will be returned free. Everything indicates a very successful fall meeting.

Begins a Damage Suit.

P. D. Dolan began a $10,000 damage suit yesterday against H. J. A. Stuhr and W. C. Lockwood, based upon his recent confinement in the County Jail. Mr. Stuhr had a suit against Dolan in Justice Lockwood's court, wherein he charged Dolan with attempting to defraud him, a creditor. Justice Lockwood fixed his bail in the case at $100, which Dolan declined to give, saying that he would go to jail first. He did go to jail, and now brings this suit for false imprisonment. Dolan is a saloonkeeper, and owed Stuhr an account amounting to about $25. Dolan feels very sore over his imprisonment, which lasted several days.

The Supervisors.

The Board of Supervisors held a very short meeting yesterday.

A petition for the appointment of a veterinary inspector was presented and filed for future consideration before a full board.

On motion, $175 was ordered transferred from the general road fund to the Los Virgones district.

Six more highbinders arrived from Los Angeles, all armed to the teeth. Some "fun" may be expected in the near future.—[Ventura Vidette.

A RUNAWAY WIFE.

Mrs. Mike McDonald Returns to America.

Actor Bishop Drops Dead in a New York Theater.

Incendiaries Attempt to Destroy a Missouri Town.

An Attempt to Run an Alleged State Lottery in Colorado Comes to Grief—Other Eastern News.

By Telegraph to the Times.

NEW YORK, Oct. 8.—[By the Associated Press.] Mrs. Mike McDonald, wife of the well-known Chicagoan, has returned from France, whither she was reported to have eloped with a Catholic priest. In an interview she denies the charge, and says that Father Moysant left Chicago some time before she did, on account of the talk about her, and she thinks he went into a monastery. She says she left home because of the trouble made by her husband's family, and will not return.

THE CURTAIN DOWN.

Sudden Death of Two Noted Actors Yesterday.

NEW YORK, Oct. 8.—[By the Associated Press.] After the first scene of *Lord Chumley* in the Lyceum Theater this evening, E. H. Sothern appeared before the audience and announced that Charles B. Bishop, who a few moments before had been acting a prominent part, had suddenly died in his dressing-room while changing his costume. The audience was then dismissed. Bishop's wife was with him when he died, and was prostrated by the shock.

Bishop was perhaps the best and most refined exponent of broad comedy on the American stage. Before he went on the stage, several years ago, he was a medical practitioner in Baltimore. He first started in *Widow Bedotte*, but will be best remembered in his delineation of the "Drummer" in the play of *Strictly Business*. During McKee Rankin's management of the California Theater, Bishop was induced to shelve *Strictly Business* and join forces with the California Theater Stock Company. A grand revival of old comedy was the result, Bishop always assuming the part of a grotesque character. When *Macbeth* was produced at the California, two years ago, Mr. Bishop played one of the witches, and took the whole house by storm. Bishop received a crushing blow when his only son, Charles E., died suddenly about a year ago, and it is more than probable it hastened his own end. The son was 24 years old, and was considered a promising comedian. The immediate cause of Bishop's death was heart failure.

SAN DIEGO, Oct. 8.—George Y. Stevens, a member of Fanny Davenport's theatrical company, died here this afternoon at the St. James Hotel from the effects of an epileptic fit.

A LOTTERY SWINDLE.

It Comes to Grief Before Its First Drawing.

DENVER (Colo.), Oct. 8.—[By the Associated Press.] A. C. Johnson and J. H. Boyd have been arrested here by Postoffice Inspector L. Patterson, charged with sending lottery circulars and tickets through the mails. The men conducted their business under the name of A. C. Ross & Co., which proved to be a mythical firm. Their mail, which was voluminous, was put in a locked box and called for by Johnson. His alleged company was called the "Denver State Lottery Company." The capital prize was $7500. There were 100,000 tickets and 3134 prizes, aggregating $36,370. Each ticket cost 50 cents. The circular instructed purchasers to send the money to A. C. Ross & Co. at Denver or J. H. Boyd, 1318 Seventeenth street, and the prizes could be collected through any San Francisco or Denver bank and the express offices. The first drawing was to come off October 15th.

The men were taken before Commissioner Brazee and held in $1000 bail, which they furnished. Johnson claims that he had nothing to do with the firm and was only working for Boyd at $100 a month. Boyd denies using the mails. He says his circulars were distributed in the city by messengers, and as yet no tickets have been sold.

A CHINESE GUILD.

A New Episcopal Mission in New York City.

NEW YORK, Oct. 8.—[By the Associated Press.] The guild for the benefit of Chinese, under the auspices of St. Bartholomew's Episcopal Church, opened last evening. Dr. Greer, pastor of the church, presided, and on the platform were Bishop Potter and Archdeacon McKay Smith. The purposes of the guild, as explained by Dr. Greer, are to extend Christian fellowship to the Chinese and teach Americans to treat them with becoming consideration.

The rooms are large and comfortable, and will be open day and evening for the use of members and their friends. The work is under the management of John Thorne, an American, for many years a merchant in China, and who gave up business to devote his life to missionary work in that country. He will be assisted by Guy Main, who addressed his countrymen, 200 of whom were present, on the advantages to be derived from joining the guild. Appropriate remarks were made by Bishop Potter. At the close of the meeting most of the Chinese present signed the roll of membership.

WOMAN'S ADVANCEMENT.

A Congress of Suffragists in Session at Denver.

DENVER (Colo.), Oct. 7.—[By the Associated Press.] The seventeenth annual congress for the advancement of women convened today. After a secret meeting the morning regular session began at 10:30 o'clock. The order of business comprised the reading of reports of the vice-presidents of various State organizations and other routine business. This was followed by the opening address of the president, Mrs. Julia Ward Howe. Papers were read by Mrs. Louisa Linton of Minnesota on "Woman in Science," and by Mrs. Helen S. Shedd of Illinois on "Woman in Affairs."

Other papers were read at tonight's session, and after adjournment a reception was tendered the delegates by Mrs. Gov. Cooper. There are about 50 delegates present, representing almost every section of the United States.

A JUST COMPLAINT.

More About the Doings of Consul Lewis at Tangier.

WASHINGTON, Oct. 8.—[By the Associated Press.] Mr. Benezuli, a merchant of Tangier, Morocco, accompanied by an interpreter, called on President Harrison today and laid before him his complaint against William Reid Lewis, United States Consul at Tangier, for alleged false imprisonment two years ago.

The story of the affair was detailed in these dispatches some time ago. An investigation of the case resulted in his complete exoneration, and he asks suitable reparation for the indignity and sufferings endured because of the Consul's acts. President Harrison told him an investigation would be made, and sent him to Secretary Blaine to lay the papers before him.

FIREBUGS

Attempt to Burn a Missouri Town—Lynching Threatened.

KANSAS CITY, Oct. 8.—[By the Associated Press.] The Journal's Mexico (Mo.) special says: The barns of John Savinets, Rev. P. B. Cassill, ex-State Senator Roby and John Wright were burned together with their contents last night, between 8 o'clock and midnight. The residences in each case were saved with difficulty. The fires were undoubtedly incendiary, as shortly after midnight the police surprised the incendiaries at their work in the barns of Col. Williams and Dr. Miller.

This attempt to burn the town is supposed to result from the arrest and conviction last week of several members of a band of negro burglars, who are believed to be seeking revenge. Extra police were put on guard tonight. The citizens are greatly excited over the occurrence of the fires, and there is plain talk of lynching the incendiaries should they be apprehended.

The defendant, the California Bridge Company, claimed that on account of set-offs and counter-claims, there was not due more than $48,000, and upon this basis the suit was settled and the money paid.

THE ISLAND ISSUE.

A Protectorate Over Hawaii Proposed.

The Terms of a Treaty Said to Have Been Drawn Up.

The United States Consul at Tangier to Be Overhauled.

The President Receives the Boy Templars and Also a Baptist Delegation—Star-gazers Sent to Africa.

By Telegraph to The Times.

SAN FRANCISCO, Oct. 8.—[By the Associated Press.] The Examiner printed this morning what purported to be the full text of a memorandum of a treaty for placing the Hawaiian Islands under an American protectorate. The memorandum declares that the present and proposed treaties between the United States and Hawaii shall endure until modified by agreement of both powers. It looks to the abolishing of all duties in each country on the products of the other, with the single exception of distilled spirits and opium, and declares the "United States guarantees positively and efficaciously the perfect independence and autonomy of the Hawaiian Government in all its dominions."

In return, Hawaii agrees that "no treaties, conventions or agreements with other powers shall be negotiated or made without the full knowledge of the Government of the United States."

The publication of this memorandum at this time and in its present form caused its genuineness to be doubted in some quarters. The Examiner now claims that Minister Carter, in an authorized interview, states that the published text is identical with a paper discussed before the Hawaiian Ministry, a copy of which he carries to Washington to lay before Secretary Blaine.

WHITE-HOUSE VISITORS.

Boy Knights Templar and the Baptist Colored Brethren.

WASHINGTON, Oct. 8.—[By the Associated Press.] One of the incidents at the White House this morning was the presentation to the President of boy Knights Templar from Louisville. They wore the full-dress uniforms of the commandery—plumed chapeaux, baldric, sword, etc. They were accompanied by Justice Harlan and formally presented by him. The President addressed a few words of encouragement and compliment to the boys and shook each one by the hand.

Among the morning's official callers was a committee of the National Colored Baptist Association, which recently met at Indianapolis, who came to present resolutions adopted by the association, asking the President to do what he could toward suppressing outrages committed in the South upon black men because of their color. The committee was given a careful and respectful hearing by the President and upon departing expressed themselves satisfied with the result of their visit.

Rescue of the Crew of a Sinking Ship.

The Grand Lodge of Masons in Session at San Francisco.

Democrats Almost Shut Out in Washington Territory.

A Cruel Hoax Played on Mechanics in an Arizona Town—Good Templars in Session at Fresno.

By Telegraph to The Times.

VICTORIA (B. C.), October 8.—[By the Associated Press.] The British ship Norcross, Capt. Roup, arrived on Saturday, 146 days out from London, with a general cargo. She will return with a cargo of salmon. On August 7th the Norcross, in latitude 49° S., longitude 78° W., sighted an American ship flying a flag of distress. They signalled that the ship was leaking. The Norcross stood by, and they lowered two boats. Owing to the rough weather, it was impossible to board the British ship, so a life buoy was bent on a rope and floated astern, and was caught by those in the boat.

The Norcross then let down another line, which a man bent around him and then jumped into the sea and was hauled aboard the British ship. This was repeated until all were aboard. The ship was the William McGilvray of Searsport, Me., Capt. Dunbar, from Piscataqua for New York, with a cargo of nitrate. On August 10th eight of the rescued crew of 21 were transferred to the ship Indian Empire, bound for Iquiqui. Capt. Dunbar and the remainder of the crew were brought to Victoria.

MORE RETURNS.

The Democrats Almost Whitewashed in Washington.

SPOKANE FALLS (Wash.), Oct. 8.—[By the Associated Press.] The Review says the official canvass of Spokane county shows an average Republican majority of 1008 on Supreme Court judges. The official count in Lincoln county shows Fairweather (Rep.) is elected. This leaves only one Democrat in the State Senate and only six Democrats in the House of Representatives. North Yakima for State capital received a plurality of 1467. It received almost the entire vote of Stevens county, showing it to be the choice of this section for the permanent seat of Government.

MORE MONTANA RETURNS.

HELENA (Mont.), Oct. 8.—The election of Joseph K. Toole (Dem.) for Governor is now conceded by a majority of 300 to 600. Carter (Rep.) for Congress has 1000 majority. The Democrats claim the Legislature by seven. The Republicans will not concede as much, but say on the face of the returns it is Democratic, but claim fraud in Silver Bow and Deer Lodge counties.

The general opinion is that there will be no contests, and that the Democrats will have the Governor and Legislature, while the Republicans elect a Congressman and a large majority of the State ticket. The Independent claims the Senate is a tie. Most of the counties in the State make an official canvass today. It is likely the result will be definitely shown this evening.

THE MASONS.

The Grand Lodge in Session at San Francisco.

SAN FRANCISCO, Oct. 8.—[By the Associated Press.] The fortieth annual communication of the Grand Lodge of Free and Accepted Masons of California was held this morning at Masonic Temple. Grand Master M. M. Estee presided.

At the afternoon session A. J. Abell, who has been Secretary of the Grand Lodge since 1855, read his report, which was followed by reports of the Grand Treasurer and Grand Lecturer. Committees were appointed on charters and by-laws.

Reports of the Masonic boards of relief of San Francisco, Los Angeles, Oakland, Sacramento and Stockton were then read. They show an excellent condition of affairs.

Assistant Secretary Johnson has not yet been able to make up the totals showing the condition of the order. There are, however, about 250 lodges in California, with a total membership of about 16,000. This is a gain of five or six lodges and of about 900 members.

A CRUEL HOAX.

A Bogus Call for Laborers at Prescott, Ariz.

PRESCOTT (Ariz.), Oct. 8.—[By the Associated Press.] Upwards of 40 men have arrived in Prescott within the past few days, in response to an advertisement stating that 75 men were wanted at $5 a day to work on the new Statehouse. Many of the men who have arrived are destitute, having spent their last cent to reach here.

EAST SIDE.

The Board of Trade in Session—Notes.

The East Side Board of Trade met last evening, with Mr. Hamilton in the chair.

The TIMES artist, Mr. Andrew, being present, was called upon to present the propositions he had to make for a special illustrated issue for the East Side celebration. Messrs. Mesmer and Hanley were appointed a committee to arrange matters.

The question of school sites was then taken up, and a free discussion took place, in which a number of the best orators took part. The language used was more pointed than eloquent, it apparently being a contest between the outs and the ins.

The board took no official action, but a delegation of citizens will probably meet the Council and school-board committee and present their grievances on Thursday next.

NOTES.

Work is much needed on Downey avenue. It was once the pride of the East Side, and second to no thoroughfare for its beauty, but since improvements have been going on, changing grades and cutting down the shade trees, it has become a badly-graded street, and among the poorest on the east side of the river.

THE EPISCOPALIANS.

CALIFORNIA'S NEW DIOCESE ACCEPTED.

The House of Delegates Devotes the Day Mainly to the Proposed New Church Tribunals.

By Telegraph to The Times.

NEW YORK, Oct. 8.—[By the Associated Press.] In the House of Deputies of the Protestant Episcopal Convention this morning, the Committee on Admission of New Dioceses, presented a report recommending that the House give consent to a division of the diocese of California and the erection of a new diocese in the southern portion of the State. Consent was unanimously given.

Rev. Dr. Huntington, of New York, presented a resolution providing the appointment of deaconesses and allowing service in other than the English language in a congregation where large numbers do not speak English. Referred.

A message from the House of Bishops was received announcing concurrence in the action of the House of Deputies on the admission of the new dioceses of California and Oregon.

The House of Deputies took up the report of the Committee on the Judicial System of the Church. The majority of the committee state that of the modes of obtaining relief from the present condition of the system considered by them the only one considered direct and reasonable is that the general convention change article 6 of the constitution, and then enact a uniform canon for the whole church. As to the form which this change should take, the committee thinks it should be unrestrictive, so that the general convention may either establish courts of appeal only, or, if that is impracticable, may establish a uniform and complete system throughout all dioceses. The committee recommended that a commission be formed to draft two canons for consideration at the next general convention: One providing for a system of appellate courts only, and the other for a uniform system of trial in all dioceses, including courts of appeal. The committee also presented a recommendation that the third clause of article 6 be altered to read: "In every diocese the method of trying presbyters and dioceses may be instituted by conventions of the diocese until the general convention shall otherwise provide, and that this alteration be laid before the ensuing general convention for final ratification."

The minority is of the opinion that a change in the system is desirable to the extent of providing a reviewing tribunal. It believes each diocese competent to provide for itself a complete system of judiciature, and that the difficulties in the way of establishing courts of appeal are too serious to be overcome.

The reports were discussed at great length, and an adjournment was had with the matter still pending.

A POLICE EXPERT.

He Gives an Opinion of the Los Angeles Force.

R. J. Tobin, a member of the San Francisco Police Commission, on which he has served for 11 years past, was at the Nadeau Hotel Monday. Mr. Tobin has been staying at Coronado Beach for the past three weeks, his health compelling him to leave his post at the Hibernia Bank of San Francisco to seek a rest in the more soothing climate of Southern California.

One of Mr. Tobin's first acts on his arrival in Los Angeles was to call on Chief Glass, and at the request of the latter he made a thorough inspection of the police force of this city. In answer to a TIMES reporter Mr. Tobin had nothing but praise to bestow upon the force as a body, and he considers the patrol wagon a very useful institution. The San Francisco authorities are about to follow the lead of Los Angeles, and have ordered three wagons on the same pattern. Mr. Tobin thinks that the City Council would do well to avail themselves of the opportunity offered by the vacant offices lately occupied by the City Auditor and clerk, to convert them into offices for the police department. He considers that the office at present in use for the Chief is miserably inadequate, not merely on account of its size, but from the fact that the locality compels visitors of every description to file in and out indiscriminately, regardless of the secrecy, which is in many cases desirable. Mr. Tobin left for the north by the afternoon train.

PASADENA NEWS.

WHAT COMES AFTER THE RAIN OF YESTERDAY.

A Genuine Surprise—The Water Company and the City—Church and Entertainment—Local Fountain—A Queer Method—Condensed Items—Personal Mention.

PASADENA, Oct. 8.—[Correspondence of THE TIMES.] A very pleasant surprise party was tendered to J. C. Fitzhenry of the Queen shoe house at the Mariposa on Center street this evening. A number of Mr. and Mrs. Fitzhenry's friends invaded their elegant home at 8 o'clock and proceeded at once to make themselves merry in social conversation, cards and music. A very bountiful repast was served and a general good time, including dancing, was had by all present.

CHURCH AND ENTERTAINMENT.

A reception will be tendered to Rev. P. F. Bresee, D.D., at the church parlors by his congregation on Thursday evening. A pleasant time is assured all who attend.

The plat for the sale of reserved seats for the Grand Opera-house is now at Hurndall & Wetherby's music store. Seats are selling at a good rate for the Fanny Davenport engagement on Wednesday evening.

George Taylor, secretary of the Young Men's Christian Association, left for Santa Cruz last evening to attend the ninth annual meeting of that popular organization.

A. E. Winship, D.D., LL.D., editor of the New England Journal of Education, is in the city and is the guest of Superintendent Monroe. The distinguished lecturer will entertain teachers and parents of education at the Institute in the Wilson building next Saturday morning.

The general conference of the Episcopal Church divided the diocese of California yesterday. This gives a bishop to Southern California. The rectors in this part of the State have been working toward this end for over a year.

THE WATER MEETING.

The regular monthly meeting of the Pasadena Lake Vineyard Land and Water Company was held last evening. But little business was transacted and the time of the meeting taken up in a discussion of the right of the water company to charge the city for its fluid for sprinkling uses. Chairman Townsend of the Street Committee of the Council was present and took a part in the discussion as a private individual, but ostensibly as a representative of the city. Mr. Townsend argued that as the city had given the company the right to lay pipes through the streets, it would be no more than the fair thing for the company to compensate the city by donating the water for sprinkling purposes. The company could not see it just in this light, and argued that, such being the case, the gas and electric light companies should do likewise, namely, give their product gratis to the city. After a lengthy discussion, the meeting adjourned until this evening. At 7:30 o'clock tonight the directors again met, and the regular business of the meeting was taken up. Secretary Habbick read his regular monthly report, which was received and ordered filed. A number of warrants were ordered drawn in payment of bills.

LOCAL FOUNTAIN.

At the regular monthly business meeting of the Pickwick Club, held last evening, it was decided to give a social hop some time during November.

The rain last evening went a great ways in settling the dust and purifying the atmosphere. The precipitation amounted to a small fraction of over a half inch. This afternoon at 5 o'clock a beautiful rainbow could be seen skirting over Mt. Wilson.

Ex-Mayor Ward of Warren, O., returned to his old headquarters at the Painter Hotel last evening. Mr. Ward has been spending several months visiting with friends in the East, and comes back more than ever in love with the beautiful Crown of the Valley. He says the climate of Pasadena is good enough for him.

Baggage-master Hoff, who is the efficient handler of saratogas, valises and trunks at the Santa Fé depot, is the most surprised gentleman in the city. During his experience of over two years in that capacity at this station, he says that last Sunday is the first time that not a single item of baggage came in his reach for handling it.

A QUEER METHOD.

A gentleman in hard straits, but evidently with an eye to business, visited a house in the northwest portion of town yesterday, and in a few minutes imagined that the property had descended to him from the boom days. Passing himself off as an officer, he gave the lady in charge a slip of paper, with a demand for the payment of her city taxes. The request was not complied with, and he left the house determined to have vengeance. His threats, however, amounted to nothing, as he failed to put in a second appearance. It has since been learned he is a fraud, and, if caught at his game, he stands a good chance of boarding hereafter in the County Jail. This is just the time of the year when taxes are due, and all property-owners should guard themselves against paying their assessments to strangers. The only place to pay your taxes is at the Marshal's office, where the gentlemanly and venerable Mr. Steen is always pleased to see you, when you have anything in his line.

CONDENSED ITEMS.

The Charity Organization has two cases of sickness and distress on its hands. Any information will be cheerfully given by President Buchanan.

It seems to be a settled fact that the city will rent the Hopkins block when the present lease expires. The building is in every way suited to the requirements.

Four young men of this city leave for Los Angeles tomorrow morning to try the competitive examination, under the civil service rules. One is after a clerkship at Washington, another for a position as postoffice inspector, while the other two seek the honor of handling mail in the railway mail service.

PERSONAL.

Frank Lowe was in town this afternoon from Los Angeles.

Calvin Thornton left this morning for Des Moines, Iowa.

Dr. John McCoy was in town today from the Angel city.

B. F. Manahan, father of A. B. Manahan, was in the city from East Los Angeles this morning.

LETTERS TO THE TIMES.

A Breach of Faith Charged.

LOS ANGELES, Oct. 8.—[To the Editor of THE TIMES.] If the city government will not keep her covenants with her citizens, will it result in inspiring more confidence in our government, or will it result in a lack of that implicit confidence which should exist between the people and those to whom are intrusted the governing affairs of a great city?

When the City Council advertised for school sites it was plainly stated that sites offered must not have a less frontage than 150 feet, and not less than 150 feet in depth, no mention being made of lots fronting on twe streets; accordingly none could offer sites who could not furnish the required ground, but through some means or other, we know not how, one J. E. Yoakum was led to believe that if he offered certain lots fronting both on Thomas and Vignes streets, they would be recommended even if they did not have the required frontage. Accordingly the lots were offered, recommended by Messrs. Cox and Van Dusen, and by the Council accepted on Monday, in the face of a strong petition against this site, with the best of reasons given for protesting against the same, as also the very sensible remarks of Prof. Friesner and President Frankenfield, who were of the joint committee on the selection of the best site, and who reported favorably upon the lots offered by Sherman Smith, viz., lots 17, 18, 19 and 20, in block 1, of the Vignes tract, 17 and 18 of which were offered unknown to the owner, and the others, owned by Mr. Yoakum. On Friday last lots 17 and 18 were bargained for by one C. R. Taylor, and the owner notified by letter, which did not reach its destination until after Mr. Smith had been there and obtained permission to offer said lots with Mr. Yoakum's but no sooner did the owner receive notice of sale than a telegram was sent to Mr. Yoakum Saturday, withdrawing the offer on account of the sale. On Monday morning the purchaser of these lots, through an authorized agent, tendered them to Mr. Cox with no change from the former offer of $4400, and Mr. Cox at once informed Mr. Yoakum, but that gentleman, instead of making this known to the Council, simply showed the telegram, and stated that he could not furnish the lots, at the same time possessing the positive knowledge that the same could be furnished without change. Now, Mr. Van Dusen stated that two of the lots had been sold, and a "job put up on Mr. Yoakum," through which he could not deliver the lots. These are the plain facts in the case, and leave the public to judge whether a "job was put up on Mr. Yoakum," or whether Mr. Van Dusen and Mr. Yoakum put up a "job" on the Council; and why was Mr. Van Dusen so determined that Mr. Yoakum's four lots should be selected, when the corner was the preference of all who viewed the sites, including the joint committee of three, was no more in it to him than in the corner lots, two of which are owned by his pet candidate? If Mr. Van Dusen occupies a "glass house" he should refrain from "throwing stones."

JUSTICE.

New Suits.

Suit was begun yesterday in the Superior Court by J. P. Agoure vs. José M. Andrade upon a promissory note for $590.

William L. Warren and George L. Warren instituted suit against E. Bouton et al., to recover judgment for $10,000, which they allege to be due them as an outcome of transactions in the stock of the Nadeau Vineyard Tract Company.

A suit for partition was begun yesterday by B. S. Weston vs. Margaret B. Narbonne, administratrix of the estate of N. A. Narbonne, deceased, et al. The plaintiff prays for a partition of the Palos Verdes rancho, in accordance with certain rights which they claim. If it is found inconvenient or injurious to the estate to divide it according to their claims, it is prayed that the Court order the property sold in order to liquidate their share of the estate.

Money, Stocks and Bonds.

By Telegraph to The Times.

NEW YORK, Oct. 8.—Money on call easier at 4@6 per cent.; closed, offered at 4 per cent.

Prime mercantile paper, 5½@7½.

Sterling exchange, quiet and heavy; 60-day bills, 4.82½; demand, 4.86¼.

American cotton oil, 42½.

Government bonds, dull but steady.

NEW YORK, Oct. 8.—Stocks presented a stronger front today, and stocks of the regular list once more became leaders, while trusts were comparatively quiet and occupied a much less conspicuous position than for the past two weeks. A change for the better in the monetary situation was the most important factor in this movement. The strength of the trusts was the feature in early trading, and later there was a heavy drive at grangers, which for the time gave the bears complete control of the market. After this was over, however, the market underwent a marked change for the better, and sharp rallies were in order all over. The upward movement continued throughout the afternoon, and the close was quiet and strong at or near the highest prices of the day. Final changes are somewhat irregular, but advances are in the majority, and while Canada Pacific and San Francisco preferred lost 1¼. Manitoba rose 5, cotton oil 3¼, sugar 2½, Tennessee coal 1½, Northern Pacific preferred 1¼, Big Four 1½, and Missouri Pacific 1 per cent.

Notice for Publication.

LAND OFFICE AT LOS ANGELES, Cal., September 10,

THE CITY IN BRIEF.

The Medical College, on Alliso street, will have its opening exercises this morning at 9 o'clock.

The regular monthly meeting of the Chamber of Commerce will be held this afternoon at 3 o'clock.

The Sixth District Agricultural Fair (stock exhibit and races) will open on the 21st. The entries are said to be well filled.

One marriage license was issued yesterday, to William Parriott, aged 44, and Polly Emma Olney, aged 40, of Pasadena.

Officer Fletcher found Jack Rhoades on Main street yesterday evidently in great pain. Rhodes was taken to the station, and booked for medical treatment.

Joe Clark and James Olsen, two able-bodied young men, but too lazy to work, were caught soliciting alms on Main street, yesterday, by Officer Holleran. They were arrested and charged with begging.

The East Side Champion has made preparations to issue a handsome souvenir edition to celebrate the completion of the East Side branch of the cable road, the Downey-avenue bridge and the San Fernando elevated iron roadway.

S. Clifford was arrested by Officer del Valle yesterday on a charge of violating the fire ordinance. He has erected a frame shanty in the back of Nos. 26 and 28 Spring street, which if allowed to remain, would endanger the whole block.

Officer Rich noticed the notorious I. P. Clancy annoying pedestrians on Spring street yesterday, and as the latter continued to importune ladies for charity after being warned to desist, he was taken to the station and charged with begging.

It is reported that D. J. Carr, Chief Secretary of the Brotherhood of Railroad Conductors, which recently held its convention in this city, has received 200 applications for membership since the convention and has issued 15 charters for new divisions.

There is considerable kicking about the Wolfskill depot on account of a large pond immediately in front of the main building. Every little rain fills the miniature lake to overflowing, and it is said that Officer Rulo will superintend a duck shoot this morning on its placid bosom.

E. W. Lovitt and Lewis Schoks drove down Spring street yesterday, afternoon and as they thought it necessary to give an exhibition of their horse's speed, Officer Glidden placed them under arrest, and booked a charge of fast driving against them.

At the meeting of the West Side Board of Trade, tonight, new committees will be appointed. There is prospect of much street work to be done in the West End in the next few months. The Second-street Cable Road has just completed putting its track on grade line. It required the services of 20 men several weeks.

Daniel Garritty and John Butler were found guilty by Justice Savage yesterday of breaking into a freightcar and stealing some canned goods, and will be sentenced this morning. James Garritty was discharged by the Court, the evidence being insufficient to connect him with the crime. The defendants are mere boys, and their families are very much distressed over their situation.

Dr. William E. Harrison writes to THE TIMES that he is averse to newspaper notoriety, but he feels impelled to say that he was assisted in his recent operation on an Indian at the jail by Dr. T. Z. Turpin and that Dr. Frecius was merely present as an on-looker and volunteered to give the patient chloroform. Dr. Harrison says: "The operation was not the removal of a fungoid growth, but for a malformation of genital organs, to such an extent that their natural functions could not be performed. The operation put them in normal condition, to the great comfort of the poor Indian."

PEOPLE'S STORE.

GOOD CLOTHES AND WHAT THEY DENOTE.

Dispositions Gauged by Dress—Apparel Oft Proclaims the Man—What the People's Store Can Do.

PEOPLE'S STORE,
LOS ANGELES, Oct. 9, 1889.

"To be well dressed oft supersedes the rest."

In fact, it is our opinion that a person's dress is a true mirror of the occupant. A slovenly dress denotes too well the kind of person the wearers, while the neat, natty, plain, but sprucely dressed person, at once impresses you with the disposition of the wearer. It is a living truth that by the clothes you wear your general disposition can easily be gauged.

In times like these a few dollars expended in the right quarter buys you a Suit of Clothes, stylish in appearance, well made and constructed of material wear-resisting and serviceable. True, you can't get this at all establishments, yet the patrons of the People's Store are well aware that for a trifling cost the best clothes are there obtainable.

We have recently reconstructed the management of this department, and have placed at its head a gentleman of known ability, who, by his strict attention to our patrons and by the observance of all comforts due them, will meet with universal success. Our stock of clothing for the fall is by far the finest and best ever shown in any establishment in the United States, and as for price, we need not say a word, as all who trade with us know it to be right at all times. Your custom is solicited.

CONSUMPTION,

CATARRH.

Catarrh is often regarded by the patient as a cold in the head, and he often expresses his astonishment at his remarkable tendency to contract a fresh cold. Indeed he declares he is scarcely free from one cold before he takes another; and he is always exceedingly careful. It is also a matter of surprise to him that the cold always seems to settle in the head and the throat.

At times many of the symptoms of catarrh may seem to abate, and the patient is led to hope that the disease is about to wear off; but another class of symptoms soon appear, and he learns to his horror that instead of recovery from the disease it is somewhat changed in its character, and has extended to the throat. A sense of weariness is sometimes felt in reading, speaking or singing, hoarseness at times occurs, a sensation of dryness is sometimes felt in the throat, or it appears that some foreign substance, as, for instance, a hair, obstructed the throat; there becomes a sense of languor and fatigue, the breath lessens upon a little exertion, a short, hacking cough, a peculiar sound in clearing the throat, a feeling as though there was not room enough in the chest to breathe; these and other symptoms occur after the disease has made considerable progress. Then it is a time when consumption is about to begin its dreadful work. Up to this point the progress of the disease may have been slow, and the patient may, in expressing his confident hope that it will "wear off," declare that he has had the catarrh for years and has not seemed to become much worse, and trusts he will "by and by" recover. But this delusion is the grand error which has peopled our cemeteries with consumptive forms, as all forms of catarrh end finally in consumption.

The great danger, however, because the most common, is that it will extend downward and affect the lungs. In most cases of pulmonary disease catarrh is present to some degree, and in many instances it causes a large share of the patient's discomfort.

Besides these grave consequences, all of which are liable to spring from scrofulous catarrh of œnœna, there are others which, if less dangerous, are sufficiently unpleasant. It occasions great unhappiness to thousands of both sexes by isolating them and preventing their settlement in life. An offensive running from the nose, with foul breath, is about as great a calamity as can befall young people. Every disease of this kind can be cured by our new system of practice.

I have seen so many of these cases cured that I do not consider any case hopeless, unless both lungs are seriously involved. Even then the compound Oxygen and other inhalations act us in dissolving the mucus and in contracting and healing the cavities, which nothing can do with the same success.

The very best reference from those already cured.
